These are yaur glasses: Part 2

On the weekend,
Mev and I planned an exciting Saturday night.

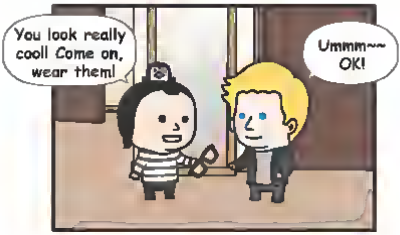
I was getting ready to go out.

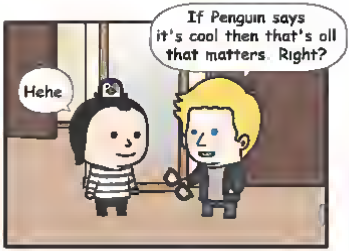
I also became Mev's stylist and chose his clothes

I chose the clothes that I liked

Finally I gave him his new glasses.

But it seemed like
Mev wasn't sure about the glasses





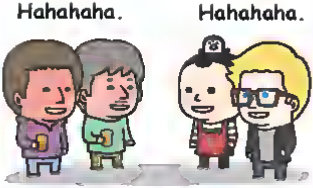
But my persuasiveness gave him confidence and he decided to wear the glasses.

After we dressed up, we felt very nice.

After we had a nice meal, we decided to stop by a pub to have a drink.

When Mev was ordering the drinks at the bar, a man who was standing near Mev and I suddenly asked Mev something

"Yes."



Hahahaha.
Hahahaha.

Did you pay double?

Did you pay double?

Did you pay double?

Did you pay double?

Ha ha ha ha.

' A drunken man said
what he was really thinking.

That must be what people think
when they see Mev and his glasses. '

Ha ha ha ha ha ha ha.
Ha ha ha ha ha.
Ha ha ha.

Take them off.

Who cares?
I'll wear them
if you still like it.
Ah Mev
Take them off.
